

MS Word (2016, 2019, 365) - Level 2

Course outline

Provided by: Performance Management Consultants – PMC Training

Reference no. 213-16

Duration 1.00 day(s) | 6:00 hours ¹

Website link <https://pmctraining.com/training/ms-word-2016-2019-365-level-2/>

Advanced Skills for Today's Workplace

This one-day course will help you understand how to create and modify tables in order to organize and enhance data; use the Mail Merge feature with different data sources and main documents to create form letters, envelopes and mailing labels; use styles to create consistently formatted documents and to facilitate changing paragraph and character formatting; create and insert Quick Parts to reuse data and content and create documents with consistent standards; and create and use templates to provide consistent document editing and formatting.

Learning outcomes

At the end of this workshop, you will be able to:

- Create and Modify Tables
- Perform Mail Merges
- Work with Styles
- Quickly insert routine Document Content using Building Blocks
- Use and Create Templates

Workshop topics

Creating and Managing Tables

- Creating Tables
- Modifying and Formatting Tables
